ELIGIBILITY: Open registration, although we would like you to be a member of the NRA this is not a requirement

RULES: 2014 NRA rulebook for blackpowder target rifle will apply for rifle requirements. There will be only three ammunition rules. 1) Your loads must be safe. 2) Your loads must meet the minimum bullet weight and velocities listed below. 3) Projectiles will meet the NRA rule book (plain base, lead alloy). This means duplex or straight smokeless is allowed. Any other equipment or procedures not covered by the NRA rule book are prohibited. The match directors reserve the right to remove any unsafe load.

For pit safety all matches between 800-1000 yards minimum bullet weight and velocity are as follows:

Caliber	Min. Bullet Weight	Min. Velocity	Minimum Power Factor
38	>355gr	>1275 fps	450
40	>400gr	>1255 fps	500
44	>440gr	>1215 fps	530
45	>500gr	>1176 fps	585
50	>580gr	>1176 fps	680

Bullets may be up to 5% under weight as long as power factors ((Bullet grain weight * Velocity in FPS)/1000) are met.

CLASSIFICATION: There are no classes!! All competitors will compete head-to-head regardless of ammunition, sighting method, age, sex, or state of origin. Sighting systems shall meet NRA requirements with iron and scope sights shooting head to head.
